Electrical Plug Type M-16A

IEC 60 335-2-45 Compliant

1m Extension Pole

Tilt Head Feature Up To 45°

Steel Cable Pulley Mechanism

25Kg Adjustable Bag Support Plate

Weight: 32Kg

Sealing PE/PP/LDPE/PVC Thermoplastics

Maximum Material Thickness: 400 micron

Wire Element & Fuse Spares Kit Included

## USAGE

This manual foot operated, Impulse type heat sealer has a 100cm tall stand & a tilt head, giving it greater functionality especially for applications requiring gusseted, extra-long bags with spillable products. The sealing head has a 5mm sealing elements on both top & bottom jaws that ensure the seal is both airtight and watertight. Ideal for use with gusseted heavy micron PE, PP, BOPP, Foil and laminated bags. Examples of use: Foods, liquids, grains, powders etc.
