**Air & water
tight 10mm
seal**

SPECIFICATIONS

Sealing Length: Continuous
Seal Width: 10mm
Seal Depth: 40mm
Temp. Control: 0 - 300°C
Conveyor Size: (L) 900mm (W) 305mm
Feed Direction: Right to Left
Max. Speed: 12m/minute
Power Consumption: 550W
Voltage/Frequency: 230V-240V/50Hz
Electrical Plug Type M-16A
Stainless Steel Casing
Weight: 35Kg
Sealing PE/PP/LDPE/PVC Thermoplastics
Maximum Material Thickness: 400 micron

USAGE

This industrial, horizontal type, continuous band sealer is appropriate for use with most types of thermoplastic.

Designed for high volume packaging of non-spillable items. The use of stainless steel makes this band sealer ideal for use in food & pharmaceutical packaging facilities.
